

Parish Guild 2017 Annual Report

2017 was a year of transitioning for the Parish Guild. We took a hard look at our structures and experimented with ways to streamline and informalize our business meetings and officers duties. We changed to less business meetings and incorporated some gatherings for intentional prayers for the parish, creative days and more visiting of our homebound members.

We remain committed to Worship, Study, Service and Fellowship. This brings us together at every meeting for Eucharist, prayer, book or Bible study and visiting around a meal. We also pack rice bags for the food pantry, create and stock items in the lounge secretary for our fundraising projects and help out with tasks in the Parish Office.

We were excited to be able to contribute to the new Advent vestments this year. Through our ministry of charitable giving we were able to lend support to Episcopal City Mission and Places for People, as well as continue our appreciation of the staff.

All of our meetings and activities are posted on the Parish Guild bulletin board in the lounge and we welcome all. Feel free to ask any member if you have questions.

Blessings to you all,

Laurie Hansell, President
