

## **PARISH DAY OUT 2017**

**We saw two films at church this year. One was the oldie, THELMA AND LOUISE and the other was THE SHACK, two very different films. We decided that nothing much had changed regarding attitudes toward women in the first one and the second one, no conclusions were made about anything, but we talked about it a lot.**

**During the year we went to the International Photography Museum, the St Louis Art Museum and the St Louis University Art Museum. We toured the Sisters of Loretto facility and had lunch there. It is an old historic building that has been well taken care of by the sisters. We had a restful relaxing visit to the rooftop garden at Children's Hospital. We saw many sick children and were told that many doctors spend time there also. The Quilt Show at the University City was spectacular as usual. I still don't know why it is called a quilt show because the "quilts" are really works of art. We skipped the busy months of November and December. Because of weather and our frailties, we skipped the January eagle watch, besides Fr Mike tells me all the eagles went to south Missouri to get out of the cold.**

**After Lent we have planned a movie afternoon and a visit to the Butterfly House in Faust Park. The June and July activities are to be announced later.**
