

Theology on Tap

Theology on Tap had a great start to the year for 2020, excited to re-launch on February 5, 2020 at Schlafly Bottleworks. Thank you to Fran Caradonna for helping find our new locations! Unfortunately, after two events we had to take Theology on Tap online.

Even though we couldn't gather each month for good food and good conversation. We sought to create a "low pressure" environment online to invite your non-churchy friends for conversations about faith, ethics, politics, and life today. We were able to hold two Theology on Tap events in Tower Grove Park, masked, distanced and outdoors.

You can read more about Theology on Tap on the Theology on Tap page: www.pubtheologystl.org
